Description: The following efforts bear the title Theology of Hope, not because they set out once again to present eschatology as a separate doctrine and to compete with the well known textbooks. Rather, their aim is to show how theology can set out from hope and begin to consider its theme in an eschatological light. For this reason they inquire into the ground...

Review: Moltmann is at his best in this book. Some critics have taken him to task on some of his theories, but I found the book a wonderfully rich and enjoyable analysis of hope, the differing views of hope and hopes result, and the root of the book--a theology of hope.The book is NOT for the casual reader. It is single space and packet with material, but...
